GREASE TRAP MANAGEMENT

Proactive, full evacuation services, removing any hardened buildup, and performing jetting services if needed to ensure your kitchen can function properly and proficiently.

COOKING OIL MANAGEMENT

Turn-key solution for maintaining your cooking oil safely and effectively, while also managing the rebate program, putting money back in your business.

FIRE & LIFE SAFETY INSPECTIONS

Properly maintained fire extinguishers, kitchen suppression systems, and emergency exit lighting saves lives and prevents property damage. Let us give you peace-of-mind that you are covered and compliant.

HOOD CLEANING

Scheduled cleanings to keep your systems running efficiently while eliminating potential fire hazards. Stay compliant per NFPA-96 code, avoid possible fines, and keep the Fire Marshall happy!

KITCHEN EQUIPMENT REPAIRS

Nothing will freeze your business operations like a kitchen equipment failure. With one call, you can trust Addilan Group for all of your equipment repair and maintenance services. When one kitchen or restaurant appliance breaks down, it can have devastating effects on your business and revenue. We have experience working with all major brands and types of equipment including stoves, ovens, coolers, refrigerators, freezers, and more. No job is too small or too big!

REFRIGERATION

Commercial refrigeration systems are critical in most industries. By practicing preventative maintenance on your cooling systems, you can help avoid the headaches and financial losses associated with spoiled food, beverages, medications, and more. Plus, properly maintaining and inspecting refrigeration systems has many benefits, including reduced power consumption, extended life of critical components, maximized air flow, and avoidance of mold growth.
